

## BRUSHED NICKEL WALL MOUNT COMMERCIAL SENSOR FAUCET WITH INSIGHT INFRARED TECHNOLOGY SPECIFICATIONS

## **Technical Information**

Installation Type: Wall Mounted Installation Holes: One Hole Valve Type: Ceramic Valve

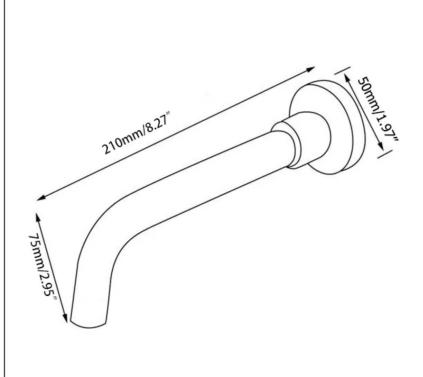

Suitable water pressure: 0.3-1.2MPa

Temperature of environment: 1-45 °C (cold & hot water)

Power: AC/DC

Dia of inlet/outlet pipe: G1/2" Inductive distance: 12-15 cm Flow Rate: 1.8 GPM (6.81 L/min)

Size

## Overview
